## OVERVIEW

**Novo Communications LLC** is a New Orleans-based communications, electrical and general commercial construction contractor, providing a full suite of construction and management services to the Gulf South, as well as procurement and project management services nationwide.

The company is licensed to do all forms of electrical work, but has specialized in the installation, repair, and maintenance of data communications systems and infrastructure, including Fire Alarm, Security, Access Control, CCTV, and other low voltage systems. Novo also performs tower work and directional drilling in the outside plant. We are recognized as a certified DBE material supplier.

Our staff is comprised of seasoned professionals who are factory-trained, certified and have worked on some of the largest projects in the Southeast region, in numerous technical and administrative capacities as installers, supervisors and project managers.
